

PE Protect®

Spa-protector

Prevents plastic discolouration

- ✓ **Unique formula**
- ✓ **Environmentally friendly**
- ✓ **Protects AND treats**
- ✓ **Ready for immediate use**

Effective, easy
and convenient to use

1

Spray several layers of PE Protect evenly from a distance of 15 cm in a thin layer of approx. 100 gr / m².

2

Spread the product evenly on the surface to be treated with a microfibre cloth and allow to dry for 5-10 minutes.

3

Then polish the surface with a soft, dry cloth so that a certain degree of gloss is achieved.

4

Allow the treated surface to dry for at least 48 hours. Repeat the treatment if necessary and at least once every 3 months.
